PORTFOLIO

ABOUT ME

I am a Graphic Designer with a skill set covering many aspects of design and a recent graduate of Sheffield Hallam. I have developed a passion for typography, typesetting and layout throughout my degree. I have experience in designing for social media and running a University sports teams social media.

REMINDERS OF YOU MAGAZINE

This magazine was my response to a brief titled Archive/Unarchive. I decided to make an archive of gifts I received from my loved ones alongside the story behind the gift.

CUSTOM FONT

The brief was to create a font inspired by the architecture found around Sheffield. I decided to focus on the Sheffield Central Library and the final font was inspired by the details on the windows.

My work was selected to be displayed at the Sheffield Bus Interchange in the summer of 2024. It was displayed alongside other projects from the same brief.

WORK DISPLAYED

SOCIAL MEDIA OFFICER FOR HALLAM ROUNDERS

I was the Social Media Officer for Hallam Rounders for the 25/26 academic year. The role consisted of running the social media accounts of the club and creating promotional content to advertise our events and socials.

NOVEMBER

STORM CLOUD MAGAZINE

This brief was a research project about John Ruskin's 1884 lecture 'Storm Cloud'. My project was adding my own commentary and responses to quotes from the lecture linking it to climate change in the modern day.

DEGREE SHOW BRANDING

This brief was a branding project for the Sheffield Hallam degree show. My project was focused on using different star motif that were used to represent the unique nature of all of the graduates.
